AIM

Design and compare **3 login screen UI layouts** with different color themes and evaluate user experience.

SCREEN DESIGN (Based on Your Images)

Common UI Structure (All 3 Layouts)

- Title: **WELCOME**
- Input Fields:
 - Email / Username
 - Password (with visibility icon)
- Checkbox: **Remember me**
- Primary Button: **Login**
- Links:
 - Forgot Password
 - Sign Up
- Divider: **OR**
- Social Login Options:
 - Google
 - Facebook
 - Email

LAYOUT VARIANTS

Layout 1 - Blue Theme (Minimal UI)

- Background: Light grey / white
- Primary color: Blue gradient button
- Style: Simple, clean, basic

- UI Feel: Functional but less attractive

USER FEEDBACK (UI BASED)

Layout 1

- Simple and easy to use
- Needs better contrast
- Button looks flat

FINAL RESULT

Selected Design: Layout 3 (Green UI)

Reason:

- Best visual balance
- Easy to use
- Modern and clean design
- Highest user satisfaction

FINAL IMPROVEMENTS

- Add dark mode
- Add animations (button press, transitions)
- Improve accessibility (contrast C font size)

CONCLUSION:

The **green-themed login UI (Layout 3)** is the most effective design due to its **clarity, usability, and professional appearance**, making it the best choice for real-world applications.
