USER INTERFACE AND DESIGN

COMPARSION OF UI BETWEEN TWO FIGMA CREATION

BAD WEBSITE:

GOOD WEBSITE:

ice cream

free delivery

Every scoop of ice cream is a taste of
pure happiness, fresh and sweet

Order Now

View Menu

BAD WEBSITE(ICE CREAMY):

1. Too much empty space :

The page looks boring and unfinished.

2. Weak colors:

The light yellow background feels dull and not exciting.

3. Text is unclear :

Important text like “ice cream” doesn’t stand out well.

4. Small image :

The ice cream image is too small and not attractive enough.

5. Poor button visibility:

“Order now” button is small and easy to miss.

6. No extra info :

There is no description to attract customers.

GOOD WEBSITE:

1. **Bright and attractive colors :**

Pink background grabs attention immediately.

2. **Clear heading :**

“Ice cream” text is big and easy to read.

3. **Good image quality :**

Ice cream image looks delicious and eye-catching.

4. **Proper content :**

Short description helps users understand the product.

5. **Visible buttons :**

“Order Now” and “View Menu” are clear and easy to click.

6. **Professional layout :**

Everything looks well arranged and modern.

Key Differences

1. **Color:**

- Bad: Dull and boring color
- Good: Bright and attractive color

2. **Design Look:**

- Bad: Looks empty and plain
- Good: Looks full, modern, and professional

3. **Image Quality:**

- Bad: Small and less attractive image
- Good: Big, colorful, and eye-catching image

4. **Text Visibility:**

- Bad: Text does not stand out
- Good: Big, clear, and easy-to-read text

5. **Buttons:**

- Bad: Only one small button, easy to miss
- Good: Two clear buttons, easy to click

6. **User Attraction:**

- Bad: Does not attract customers
- Good: Makes users want to order ice cream
